

ELECTRIC
FIRES & STOVES

A WARM WELCOME

It's never been so easy to get the warm inviting atmosphere of a real flame fire with all the convenience, versatility and efficiency of electricity.

Using the latest Flame-Effect Technology, Gazco has created a beautiful range of fires and stoves that provide a versatile and stunning focal point for any home – and all without the need for a chimney!

Whether you want to achieve a modern, contemporary look or a more classic, traditional interior, this brochure will help you make the perfect choice, whatever your style or budget.

GAZCO

Fire Your Imagination

THE GAZCO PEDIGREE

When you choose Gazco, quality and technology are assured. From contemporary hang on the wall fires to traditional stoves, Gazco are committed to creating the ultimate in realistic electric flame effects. We also offer a superb range of electric fire baskets, each one handcrafted using traditional materials such as brass, steel, chrome and cast iron.

Our research and development laboratories are amongst the most advanced in the industry, ensuring that the very latest innovations are incorporated into our products.

Gazco is part of the Stovax Group who offer a prestigious product range which includes everything from traditional to the ultra-contemporary in a wide array of styles and sizes, so whether your choice is solid fuel, gas, or electric you can be sure to find a stove or fireplace from our range to add the perfect warmth and character to your home. Both Gazco and Stovax offer solid fuel and gas versions of several of the fires and stoves in this brochure. Full details of the Stovax Group's range of products can be found at www.stovax.com

Gazco is an ISO9001 accredited company. Our rigorous quality control system ensures that all our appliances comply with British Safety Standards as well as stringent European regulations. All fires and stoves in the brochure are CE marked[†]. This means they have been independently tested to exacting European standards.

Warranty Information

Your Gazco retailer will provide you with a Two Year Warranty for your new electric stove or fire. The guarantee will only be valid during the second year, to the extent permitted by law, if the appliance has been regularly maintained by the customer as detailed in the maintenance section of the Installation and User instructions. In addition, there is a Five Year Warranty on castings* which form the main carcass of cast iron stoves and the cast iron door in the case of steel stoves. Please note, these warranties exclude certain consumable parts. Full warranty details are available at www.gazco.com.

* Castings refers to the main carcass of cast iron stoves and the cast iron door in the case of steel stoves. This warranty excludes naturally wearing cast parts.

[†] Does not include Fire Baskets

EXPERT RETAILER NETWORK

We take great care to ensure that our stoves, fires and fire baskets are designed, tested and manufactured to the highest possible quality and safety standards. We are just as concerned to make certain that they are sold and installed correctly so that you will enjoy years of pleasure from your purchase.

Accordingly, you will find our products are only available from experienced, independent retailers who will enable you to see a selection of models locally in their showrooms, often fully operational, discuss your individual requirements both technical, such as sizing the heat output to your room, and design to ensure that you select the most appropriate product for your home. These retailers will also be able to advise on, or assist with, the installation process as well as providing any after-sales support and servicing your appliance may require in the future.

Whilst we encourage our retailers to promote fireplace products and their outlets via the internet, we do not believe suitable levels of customer care and satisfaction can be obtained from purchasing online and we would strongly recommend that you consider this when undertaking your research and making a purchasing decision. Furthermore, please be aware that we do not offer technical support (beyond our statutory responsibilities) to products bought via nationwide online sales, where this support would normally be offered by one of our qualified, independent retailers.

WALL MOUNTED FIRES

Studio Electric Sizes	6 - 7
Studio Electric Glass	8 - 9
Studio Electric Verve	10 - 11
Studio Verve Colour Options	12 - 13
Riva 67 Electric	14 - 15

Studio Electric 2 Verve

Our Wall Mounted Electric Fires can be simply hung on the wall and plugged in to give instant heat at the flick of a switch. Alternatively, you can simply enjoy the warming glow of our unique LED Flame-Effect Technology without any heat at all.

QUIET OPERATION

Studio Electric fires have been developed uniquely with the fans providing both the heat output and exclusive flame-effect simultaneously.

INSET FIRES

Electric Inset Fire Sizes	16 - 17
Studio Electric Inset	18 - 19
Riva2 Electric	20 - 21
Riva2 Stone Mantels	22 - 23

Studio Electric Inset 80

Comprising three landscape sizes alongside two virtually square options, Gazco's Inset Electric Fires offer a thoroughly modern centerpiece for interiors of all proportions. The Riva2 Electric Fires can be paired with a Natural Stone Mantel to create a timeless and elegant fireplace.

FRAMELESS DESIGN

The Riva2 and Studio Electric Inset models have a clean and simple frameless design for an unmistakably contemporary and minimalist look. The hole-in-the-wall styling blends seamlessly into all manner of decor, and the absence of a frame truly emphasises the enchanting flame-effect to the full.

16" FIRES & FIRE BASKETS

Logic Electric Box Profil	24 - 25
Logic Electric Progress	26 - 27
Electric Fire Baskets	28 - 29

Logic Electric Box Profil with Highlight
Polished fret & Brushed Steel effect frame

Our 16" Electric Fires combine the latest, modern technology with classic styling. Fully adjustable from your remote control, you can choose between two heat output levels, or even turn off the heat completely and simply enjoy the stunning flicker of our unique flame-effect technology.

FUEL EFFECT

Logic Electrics are fitted with a highly realistic, hand painted log effect fuel bed, giving you all the convenience of an electric fire but with the added ambiance of a real log fire.

STOVES

Marlborough Electric	30 - 31
Stockton Electric	32 - 33
Huntingdon 30 Electric	34 - 35
Clarendon Electric	36 - 37
Ashdon Electric	38 - 39
Steel Manhattan Electric	40 - 41

Ashdon Electric in Matt Black

Our Electric Stoves offer a highly realistic alternative to their woodburning equivalents. The expertly hand-painted logs combine with a unique flame-effect to create a truly authentic look. Available in modern and traditional models.

VeriFlame™ TECHNOLOGY

Gazco's VeriFlame™ Technology enables you to switch between heat settings and even adjust the brightness of the flames to create the exact atmosphere required, from the comfort of your favourite armchair, using the remote control.

STUDIO ELECTRIC SIZES

The outstanding Studio Electric range is available in a choice of three portrait and landscape sizes. With a choice of contemporary styles and simple 'hang on the wall' installation, these advanced technology electric fires can add stylish warmth to almost any room in your home with the ultimate ease. All Studio Electric fires benefit from remote operation and feature an additional thermostatic control.

Studio 1

The highly efficient Studio 1 is the most compact landscape model in the range, making it the perfect choice when you are looking for a dramatic focal point in a smaller interior. As with all Gazco Electric fires, you can tailor the atmosphere to suit your mood or occasion. On the Studio 1 you can vary the heat output between 0.9kW or 1.8kW, and you even have the option to enjoy the effect of the fire without the heat at all.

Studio 2

For effortless style and maximum impact, opt for a Studio 2 Electric fire. The larger dimensions make an eye-catching focal point on larger walls and accentuate the highly realistic LED flame effect. The Studio's remote provides complete control over the heat and flame settings from your fingertips. With a variable heat output between 0.9kW or 1.8kW, and the option of running just the flame effect by itself, the Studio 2 offers complete versatility for your home.

Studio 22

The Studio 22 adds instant presence and vertical definition to any modern interior. With its unusual yet highly attractive portrait form, a Studio 22 Electric is perfect for the contemporary living room but equally suitable for creating a talking point in the dining room or making a designer statement in the study or office. On milder evenings, just sit back and enjoy the flickering flames without the heat or bring some cosy warmth to your room with a variable 0.45kW - 0.90kW heat output.

Studio Electric sizes shown with Verve frame

STUDIO ELECTRIC GLASS

Sleek, chic and contemporary, the Studio Electric Glass offers a distinctive focal point that will complement any stylish interior. Available in three sizes, there's a Studio Electric Glass to offer instant striking impact, whatever your room size.

Easy to fit, this designer fire can simply be hung on the wall and its shallow depth means it will only protrude minimally into your room.

A stunning flame-effect with 4 levels of brightness is available at the touch of a button on your remote control. You can alter the heat output to suit your requirements, or you can even enjoy the stunning LED flame-effects with no heat at all!

Gazco's range of Studio Electric Fires has also been uniquely developed so that the fan operation controls both the heat output and flame-effect simultaneously, offering not only product efficiency, but, also one of the quietest fan-assisted electric fires available.

STUDIO ELECTRIC VERVE

The stylish Studio Electric Verve has a beautifully curved frame in a choice of five stylish finishes, making a striking designer statement to be appreciated from all angles. Whether it's a luxurious living room or a stylish study, the hang-on-the-wall Studio Electric Verve is incredibly versatile with two landscape sizes and a portrait option.

This designer fire heats your room on command from your remote control. With two adjustable heat settings and four flame brightness levels, you can create the perfect atmosphere for every situation. Simply plug in your Studio Electric Verve and instantly enjoy the inviting glow created by our unique LED flame-effect technology.

The Studio Electric Verve comes with a removable White Stone fuel bed effect, so that you can select a minimalist contemporary effect without the fuel bed or a more natural look with the White Stones.

RIVA 67 ELECTRIC

Riva 67 Electric Vetro

Riva 67 Electric Designio in Graphite

Riva 67 Electric Esprit in Iridium

Riva 67 Electric View in Iridium

This impressive log-effect fire provides a highly realistic flickering flame-effect and an instant warming glow, all from your remote control. The heat is instant and adjustable between two settings, or you can simply relax and enjoy the flames without any heat at all.

There are five different designs to choose from which can be slotted into a pre-constructed hole, meaning they are recessed into the wall and offer a more streamlined look. Alternatively you can use the optional wall mounting box to hang your Electric Riva 67 on the wall. To enhance this effect further you could choose the Slimline Riva View which protrudes only 142mm when wall mounted or just 35mm when recessed into a wall.

ELECTRIC INSET FIRE SIZES

Studio Electric Inset 80

It's hard not to warm to the compact, landscape form of the Studio Inset 80. This fire provides all the dramatic presence of a cassette fire, with the proportions to suit small to medium rooms. Created using the latest technology, the Studio Electric Inset 80 has two heat settings from 1 – 2kW and variable LED flame brightness settings. All of its features are easily controlled from the comfort of your sofa, using the remote control.

Studio Electric Inset 105

The longer lines of the Studio Inset 105 make a stylish designer statement in any interior. The Studio Inset 105 has two heat settings, from 1–2kW and benefits from a beautiful LED flame effect, all controlled by the easy to use remote. With no need for a chimney, the Gazco Electric fire ranges can be used to add contemporary style to almost any room in your house.

Studio Electric Inset 150

The Studio Electric Inset 150 is the biggest landscape fire in the range and therefore more suited to larger interiors. The 1-2kW heat settings, LED flame-effect and variable brightness levels are all controlled directly from your remote so you can just sit back and appreciate this stunning fire with complete ease. With its grand proportions and stunning frameless design, the Studio Electric Inset 150 makes a truly impressive statement.

Riva2 Electric 55

The Riva2 Electric 55 has a striking square design and a flame visual to match. Designed with a stunning LED flame-effect, variable brightness and 0.5kW - 1.0kW heat settings, the Riva2 Electric 55 blends form and function, controlling it all with the remote included.

Riva2 Electric 70

The Riva2 Electric 70 has a sleek and contemporary virtually square format to extend your possibilities. The frameless design emphasises the highly realistic flame effect which has variable brightness levels.

The Riva2 Electric 70 also benefits from being compatible with Gazco's exquisite collection of Natural Stone Mantels.

STUDIO ELECTRIC INSET

The Studio Electric Inset's frameless design creates a strikingly contemporary and minimalist look. Available in three different sizes and installed completely flush with the wall, the Studio Electric Inset has the versatility to complement a wide range of stylish room designs.

Relax in your favourite arm chair and enjoy heat at the touch of a button. Designed for ultimate ease of use, you can control everything from the remote control included.

On warmer evenings you can enjoy the fire without any additional warmth as the LED flame effect can be cleverly operated independently of the heater.

RIVA 2 ELECTRIC

The Riva2 Electric has two square or virtually square designs but with the same clean, contemporary lines as the Studio Inset. Whatever your choice you can enjoy a beautiful flame picture through a large glass window - the ultimate modern centrepiece.

Featuring one touch heat, two adjustable heat settings and variable brightness, the Riva2 is so versatile that you can create a bespoke atmosphere for any occasion. Alternatively, you can switch off the heat and simply enjoy the authentic atmosphere created by our unique LED flame-effect technology.

You can further increase your design possibilities by pairing your Riva2 Electric 70 with a selection of timeless Riva2 Natural Stone Mantels as shown on pages 22 - 23.

RIVA 2 ELECTRIC STONE MANTELS

For sheer elegance and ultimate sophistication, you can combine your Riva2 Electric 70 fire with one of Gazco's beautiful natural stone mantels. There are six designs to suit both traditional and modern decorative styles, each available in either the clean look of antique white marble or the gentle warmth of natural limestone.

A Riva2 Electric stone mantel provides you with the highest levels of aesthetic and tactile appeal from the hand-finished craftsmanship that goes into each and every one.

Mantel Styles	Dimensions w x h (mm) [†]

LOGIC ELECTRIC BOX PROFIL

Logic Electric Box Profil with Matt Black fret & Brushed Steel effect frame. Shown with optional Spacer Frame.

Logic Electric Box Profil with Polished Brass effect fret & frame

Logic Electric Box Profil with Polished effect fret & Polished Steel effect frame

The Logic Electric combines understated elegance with state-of-the-art modern technology. Designed to fit into a standard fireplace opening or a 3" rebated mantel with slip, it offers easy installation, ease of use and a fantastic log effect flame visual. Additionally, by using the optional spacer frame, your Logic Electric fire can even be fitted directly onto a flat wall.

The Logic Electric Box Profil takes its design origins from the Arts movement in the early twentieth century and the evocative style has influenced this contemporary fire with a choice of eleven frame and fret combinations.

A choice of 2 heat settings and 4 levels of flame brightness are all controlled from the comfort of your sofa using the remote. You can even sit back and simply enjoy the warm ambiance created by Gazco's highly realistic flame-effect technology with no heat at all. All Logic Electric fires also benefit from an additional thermostatic control.
